Arthur Shumaker, Earle Boyd and Grafton Longdon, Jr., all representing the Kiwanis Club of Greencastle, will attend the 1966 convention of the Indiana District of Kiwanis International at Lafayette, August 21-23, club president Arthur Shumaker announced today.

Convention sessions will be held at the Campus Inn. The Kiwanis district governor, Herbert G. Lahr, a member of the Kiwanis Club of East Chicago, will preside. Lahr is a retired educator.

Representing Kiwanis at the convention will be Walter H. Howell, Q.C., of Peterborough, Ontario. Howell is a trustee of Kiwanis International. He is a barrister. He will be a principal speaker at Lafayette. Also on hand will be Lorin J. Badeskey, a member of the Kiwanis Club of North Manchester, who, like Howell, is a trustee of Kiwanis International.

Hosts for the convention will be members of the Kiwanis Clubs of Lafayette, Lafayette-Harrison, and Tecumseh, Lafayette. Some 144 clubs, with a total membership of nearly 9,000, will be represented at the big district meeting. Principal business will include committee conferences, a discussion of community service and administrative plans for the coming year, the appearance of inspirational speakers, and the election of a district governor and other officers for 1967.

Hgwell, who will represent Kiwanis International officially, is a 30-year veteran of Kiwanis who was elected trustee in July of this year during the 51st annual convention of Kiwanis International in Portland, Oregon.

Indiana Traffic Toll Mounting

The 1966 Indiana traffic toll rose to at least 948 compared with 882 a year ago with three deaths on Hoosier highways Wednesday.

Fifteen-month-old Anthony Cox of Fort Wayne was killed Wednesday afternoon when the car driven by his mother collided with an oncoming car while passing a truck on U.S. 27 north of Fort Wayne. The mother, Elizabeth Cox, 20, was reported in critical condition with injuries from the crash.

Kenneth Pitzer, 61, Fountain-town, was killed in a two-car collision on the southside of Indianapolis Wednesday. The driver of the other car, William Smith, 23, Indianapolis, was held on preliminary charges of reckless homicide and involuntary manslaughter. Smith and a passenger in his car, Ulysses Clemens, 40, also of Indianapolis, were injured.

Fred McIntyre, 70, R.R. 2, Knox, was killed Wednesday when his pickup truck was hit by a truck as he pulled into a driveway off U.S. 35 north of Knox. His wife, Dorothy, was injured.

John Scherle, 27, Jasper, died Tuesday night in a Louisville hospital of injuries suffered Monday when his jeep overturned on Indiana 264 near Ferdinand.

Girl Scouts To Take Canoe Trip

Eight members of Senior Girl Scout Troop 360 and their leader, Mrs. Charles Johnson, left Wednesday, for a fifty-mile canoe trip in northern Minnesota. The girls arrived at Camp Voyageur near Ely, Minnesota, today. There they were outfitted by Charles P. Erdmann, owner of Voyageur.

Money making projects during the past four years have ranged from the selling of Girl Scout cookies and fried chicken on the DePauw campus to bake sales downtown. Troop members also ran a concession booth during the 1965 Fair on the Square. Proceeds from these activities are being used for the trip.

The members of Troop 360 have been very active in the Scouting movement. Much of their interest is due to the excellent leaders who have so generously given their time to the group during the past ten years. Among the leaders have been Mrs. Thomas Robbins, Mrs. Richard Rosok, Mrs. Harold Scholl, Mrs. Fred Silander, Mrs. Hubert J. Smaltz, Mrs. Charles Young and Mrs. Johnson.

This Senior troop has participated in many projects, including volunteer work for the Tuberculosis Association and acting as program aides at the Girl Scout Day Camp held at Fern Cliff. The girls have also cleaned the D.A.R. cabins in the park and given Christmas to an underprivileged Greencastle family. Six girls were selected from Troop 360 to attend the International Senior Girl Scout Roundup in Idaho last summer. Members have also been elected to the National Honor Society, various high school class and club offices, and other honors.

Says Castro Is Haunted By Fear

MIAMI UPI — A Cuban diplomat who defected from the Communist regime pictured Fidel Castro Wednesday as a man who is haunted by fear and surrounded by discontent and conspiracy.

"Sooner or later these conspiracies will result in Castro's overthrow," said Dr. Leonel Alonso, 34, who left his post as ambassador to Lebanon last week and sought asylum in the U.S. embassy.

Alonso, who brought his wife and 5-year-old daughter into exile with him, said Castro's fear and insecurity at home has led him to make Cuban embassies throughout the world centers of espionage and subversion.

"Fear has overtaken Castro and his position weakens internally. He increases subversion in every continent," Alonso said.

He described his embassy in Lebanon as a center of subversion in the Middle East and told how he had been required to meet with Communists and help finance their revolutionary activities.

Numerous times I handed over thousands of dollars to couriers from the Lebanese Communist party to finance subversion," he said. Alonso also served as Cuban envoy to Indonesia and Ghana before taking the post in Lebanon. He said Castro embassies in Spain, Mexico, the Middle East and Africa were principal espionage centers.

Nine Killed In Bus, Truck Crash

ALTAVISTA, Va. UPI — A bus collided head-on with a tractor-trailer truck shortly before dawn today, killing both drivers and seven passengers. Authorities said 35 more passengers were rushed to a hospital with injuries.

Altavista police said the accident happened about 4:45 a.m. (EDT) a mile north of this Blue Ridge foothills city.

The injured were taken to Lynchburg General Hospital 40 miles away.

Four hours after the accident rescuers were cutting away some of the dead who were pinned in the bus.

The driver of the bus has been identified by Trailways bus officials as Ralph Carter of Danville.

The tractor-trailer truck was owned by Railway Express Agency.

The bus was headed north from Danville to Washington.

The vehicles collided on a two-lane road, in a residential area and life saving crews and fire trucks appeared quickly. There was no fire.

Embassy Wins

LONDON UPI — The U.S. Embassy won a diplomatic victory in a fashionable Carnaby Street Wednesday when it persuaded a boutique owner to remove an American flag being used as a curtain. Ian Grey, the owner said, "we didn't want to offend. We are putting up the Union Jack instead."

Storms Rake Italy

MILAN UPI — Lightning, hail storms and high winds battered parts of northern Italy for the third day Wednesday raising the death toll to at least 12 persons — six of whom have been struck by lightning. The storms have caused millions of dollars worth of damage and blocked several railroads and highways.

Storms Batter Kansas, Iowa

By United Press International

A squall line pushed southward across the Midwest today and carried battering storms and high winds to Kansas and Iowa. Cool air followed the storm line and dropped temperatures over much of the Middle West.

Rains and thundershowers of lesser intensity slapped parts of the South and West.

An inch of rain, accompanied by winds up to 61 miles an hour, hit Kansas City in less than an hour shortly after midnight. Wind gusts of 58 miles an hour lashed Topeka, Kan. Dodge City, Kan., was drenched by an inch of rain Wednesday night.

An inch and a third of rain fell at Correctionville, Iowa in an hour and a quarter late Wednesday night.

Tornado watches were posted in Kansas City, Huntsville, Ala., received 2.38 inches of rain Wednesday with more predicted today.

Six funnel clouds and waterspouts were sighted near Key West, Fla., Wednesday.

Rains were falling today in the Southwest, where flash flooding occurred near Douglas, Ariz., Wednesday. The U. S. Weather Bureau forecast considerable flooding on the Rio River downstream from Derby, Tex.

Bainbridge Has New Regulations

The Daily Banner has been asked to publicize the following article:

Members of the Bainbridge Volunteer Fire Department have been handicapped more or less recently by children on bicycles and people in autos other than the firemen.

At the sound of the fire siren, these people have been hurrying to the Fire House and following the fire trucks.

Consequently, effective immediately all children on bicycles, at the sound of the siren, will be required to put their bikes on the sidewalks or off the streets.

Drivers of cars must yield right-of-way on a fire run. Any violators will be subject to arrest and fines.

A curfew is also now in effect in Bainbridge at 10 o'clock each night.

Rains Hit Border

MOSCOW UPI — Torrential rains drenching Russia's border with Communist China for the last week have left at least 2,000 families homeless, the Defense Ministry newspaper Red Star reported Wednesday. It said the town of Iman, near the Chinese city of Hutor was particularly hard hit as the Iar River swept over its banks.

55 Die In Jet Crash, Mortar Attack

SAIGON UPI — The toll in the crash of a U. S. Marine jet into a village outside Da Nang, a Communist mortar attack in the Saigon suburbs and a terrorist bombing in the northern city of Hue rose today to 55 dead and 178 injured.

Almost all the victims were South Vietnamese civilians, but some Americans also were hurt.

Two Vietnamese drivers died

today, raising to three the number killed when Viet Cong mortar shells landed in a U. S. motor pool adjacent to Tan Son Nhut airbase outside Saigon Wednesday night. Three Americans were among 12 persons injured in the attack.

At Da Nang, 380 miles to the north, U. S. officials supplied food and tents for 250 villagers left homeless when an F8 Crusader jet crashed on takeoff

Wednesday and its bomb blew apart a settlement 1,000 yards from the runway's end.

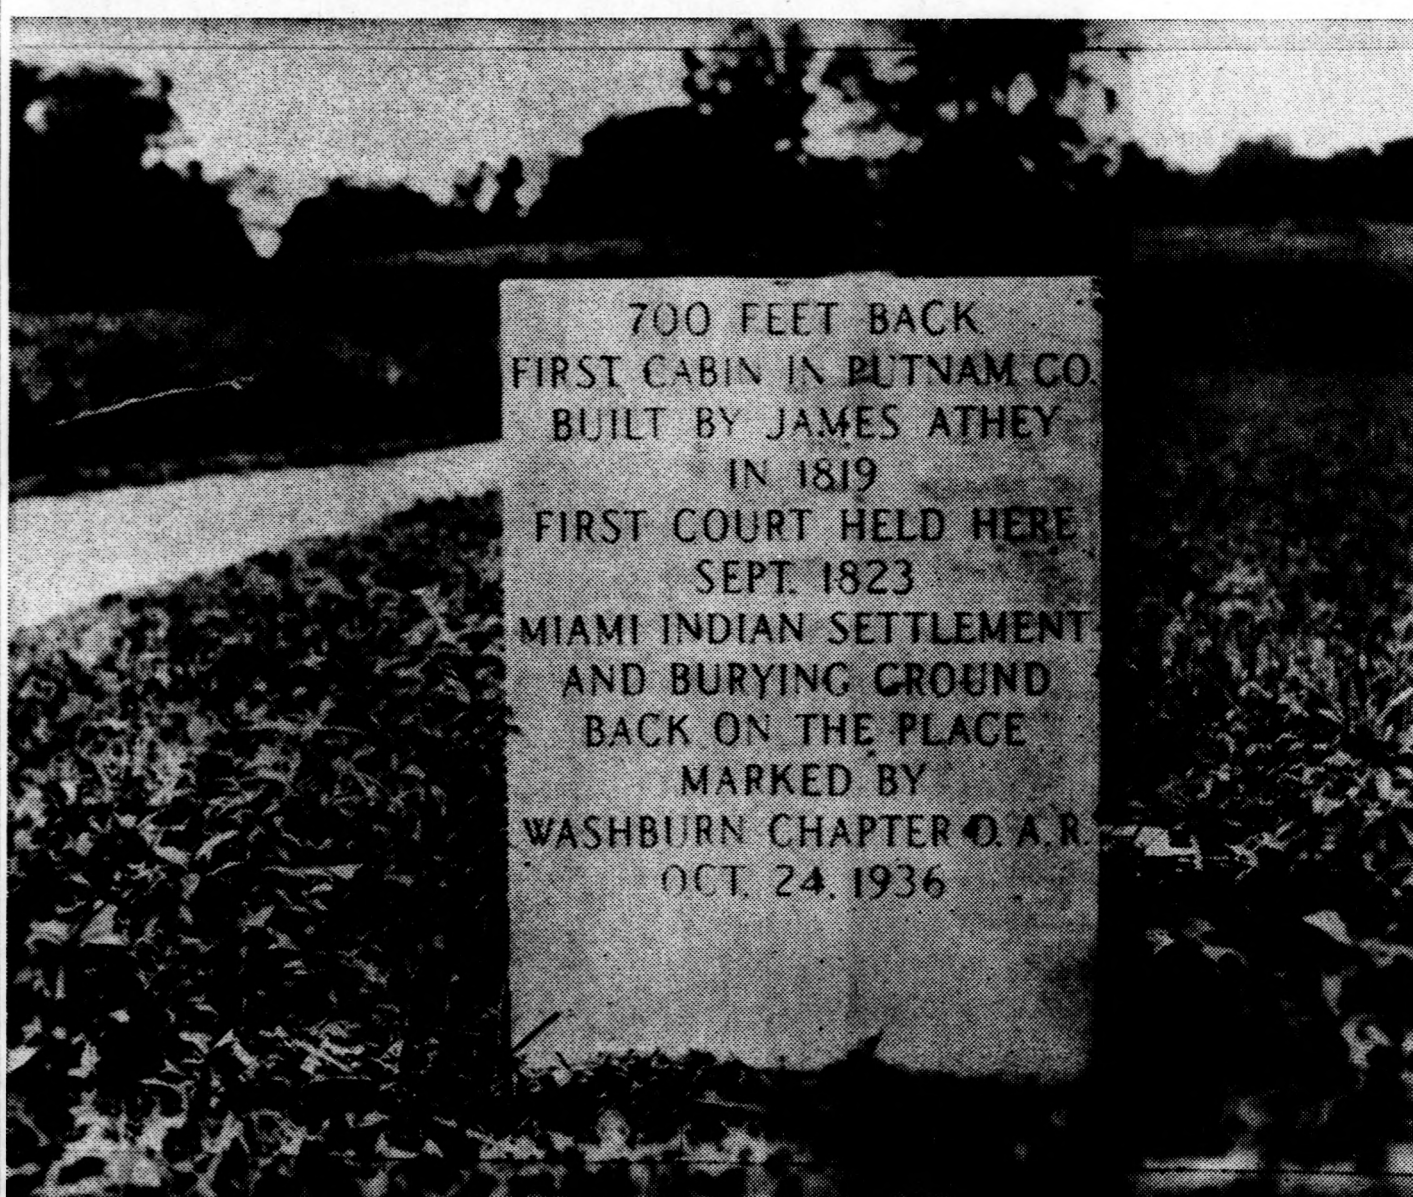

Twenty-six persons were killed and 151 injured when a terrorist hurled a bomb into a fairgrounds crowd

Wednesday night. Among the dead were eight children, killed while watching activities in a gambling booth.

The bomb was formed by two pounds of plastic explosive fused with a hand grenade.

At Hue, the ancient imperial capital some 400 miles north of Saigon, police said 26 persons were killed and 151 injured when a terrorist hurled a bomb into a fairgrounds crowd Wednesday night. Among the dead were eight children, killed while watching activities in a gambling booth.

The bomb was formed by two pounds of plastic explosive fused with a hand grenade.

PUTNAM PIONEER BLAZED I-70 TRAIL

A pioneer Putnam settler blazed the trail for new Interstate 70, now under construction as a modern superhighway. I-70 will go through between the cabin site of James Athey, built in 1819, and the cemetery of the Athey family. The first court in the county was held on this site and before that it was a Miami Indian settlement and burial ground. This historic location is now owned by the Volle Raab family, rural Reelsville. Photo courtesy of O. D. Williams.

Greencastle merchants, working through the Chamber of Commerce, ask help from Putnam County citizens in their plans for the third annual "Fair On The Square," September 9 and 10. Needed are articles of interest and dress depicting the period before the 90's. These will be displayed in the various store windows.

Chairman Richard Sunkel suggests that those having antiques which would spark the window displays should notify the Chamber of Commerce office before September 1. He further announced that there is available through this office, vests, tall silk hats, and derby hats which may complete the attire of some who would attend this sesquicentennial year fair.

The general Fair committee includes Sunkel, Carl Hurst, Mrs. F. K. Wertz, Max Herriott, and Bob Matthews. In addition, the parade committee names: Mr. and Mrs. Ira Moore, Mr. and Mrs. Jesse Stanley, Don Marketto, Ben Cannon, Mr. and Mrs. Wayne Mark, Tom Hardwick, Larry Goodhue and Edward Raines. Mrs. Forst Fuller is assisting with publicity and Miss Elizabeth Ann Cannon heads the booth organization.

Window displays reminiscent of the 1800's will provide background for the novelty booths on the square and the grand parade on Saturday.

The first fair held in Greencastle to exhibit fine livestock was held in 1837 and the next couple of years it was held in the area now occupied by DePauw University. Of course, Greencastle was limited in size. Boundaries were Liberty Street on the north, Locust on the east, Hanna on the south, and Gillespie on the west.

During the 20's there were fairs held on the square. They were different in scope than the present. Before traffic precluded doing so, the area around the square and at least a block each way was roped off to accommodate the booths, the carnival equipment, and the exhibits including livestock.

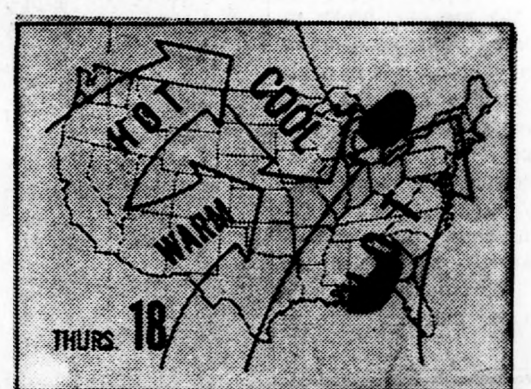

The horses were allowed right in front of the shops, but the sheep, cows and pigs were pushed as much as a block off the square. The Merry-Go-Round was usually in the block in front of Cannon's and the Ferris Wheel was at the corner of the First-Citizen's Bank. Merry-Go-Round rides were five cents, but it cost a dime to ride the Ferris Wheel. And if there was a "Whip" which was set up on the Court House lawn extending across the wide sidewalks surrounding it, the price was fifteen cents. There were many booths (as there will be this year) and they served delectable food. The merchants, usually the husbands of the workers manning the stands, would amble from booth to booth eating their meals by the piece. For years "Sailor Jack" would appear, rent half a space for his booth, and serve a deep-fried fish

Plans Are Made For Additional Rights Marches

CHICAGO UPI — Martin Luther King went ahead today with plans for more marches into all-white neighborhoods despite criticism that the open housing demonstrations actually were hurting the cause.

An unprecedented summit meeting with Chicago's top political and religious leaders Wednesday failed to convince King and his aides to call off their direct action campaign against housing segregation.

The marathon meeting also failed to convince Chicago Mayor Richard Y. Daley and the city's real estate dealers to grant King's demands for an "open city."

More than two score of Chicago's most influential civil rights, political and religious leaders met in an Episcopal parish house at the foot of the city's Rush Street night club district.

When the meeting broke up after more than six hours, Daley was whisked off in a big black limousine and the civil rights leaders called a new conference.

"The discussions were not broad or massive enough to call off the marches," King said. It was learned the "Chicago freedom movement" would stage more marches Friday and Sunday.

LBJ, Canadian Leader To Meet

WASHINGTON UPI — President Johnson's plans to get out and "meet the people" this election year now includes one very prominent non-voter-Canadian Prime Minister Lester B. Pearson.

The Chief Executive will climax a "non-political" swing through New York state and parts of New England this weekend with a Sunday meeting with Pearson, leader of the nation that is America's biggest trading partner and one of her critics when it comes to Vietnam.

The meeting is to be held on Campobello Island, off the Canadian province of New Brunswick. The celebrated summer resort, once the summer home of Franklin D. Roosevelt, was dedicated two years ago as the world's first "international" park.

White House Press Secretary Bill D. Moyers said Johnson

and Pearson would attend the second anniversary observance of the dedication of the Roosevelt-Campobello International Park. They will participate in the laying of a cornerstone at the park's new visitors' pavilion, only a short distance from the rambling singled summer home FDR loved.

The Campobello visit will mark Johnson's third trip outside the United States as President and the sixth time he has conferred with Pearson. The Chief Executive's first trip was to Vancouver, B. C., in September, 1964, also for a meeting with Pearson. He visited Mexico

last April. The White House said Johnson would leave Washington Friday flying to Buffalo, N. Y., where he is to inspect efforts to clean up polluted Lake Erie, then go to Syracuse for a speech. He is to spend the night in Ellenville, N. Y., in the heart of the resort region of the Catskill.

On Saturday, the President travels to Kingston, R. I., to deliver a major address at the University of Rhode Island. The university is located not far from another resort area, Rhode Island's Narragansett Bay region.

The Chief Executive is expected to return to Washington Sunday.

LETTER

Dear Editor:

On August 15th, The Indianapolis News had an article on the recent activities of the Du Bois Club at I. U. which stated, "The club has been operating on the Bloomington campus all summer, held an open organizational meeting on campus, recruited new members, and plans to bring young Communist spokesman Bettina Aptheker to the university for a speaking engagement in the fall."

Also, the article stated, I. U. President Elvis Stahr in a letter to the Indiana American Legion Convention, claimed the I. U. chapter of the Du Bois clubs "is not presently operating on the campus; its activities ceased at the close of the second semester..."

Look what happened at the University of California at Berkeley. Do we want that to happen in Indiana? As Tax Payers, we should demand a definite ruling from the I. U. Board on their convictions in this matter.

Concerned

Dear Editor:

A number of members—33 of us in fact, would like to comment on numerous happenings that have been taking place at the New Providence Cemetery.

A resident of Greencastle comes down to the cemetery a few days after our Memorial Day and burns all the flowers on the graves of our loved ones including soldiers who have served their country. This occasion comes but just once a year and all the members, friends and neighbors from a great distance come at this time of year to pay respect to their loved ones by bringing flowers, most of them big baskets and wreaths of artificial flowers, that they have paid a nice sum of money for. Yet we cannot leave them on the graves for a few days until this man comes down and burns them in a bonfire.

And what's more after being approached by these members on numerous occasions about burning the flowers he doesn't even care or apologize, but calls the flowers trash. He is a Sunday School teacher and a Deacon of the Church but doesn't keep the Ten Commandments. Some of the grave markers have been removed and also some of the markers to the lots. We want to ask the public, What should be done to a man like this? If a teen-ager had done this we know what the offense would be, yet we let an adult get by. We would like to have some answers regarding what should be done about this offense.

Members of New Providence Cemetery.

Demands Yanks Leave Viet Nam

JAKARTA UPI — President Sukarno demanded the United States get out of Viet Nam and offered to help reach an Asian settlement of the conflict.

In an emotional two hour and 15-minute speech before a crowd of 100,000 persons celebrating Indonesia's independence day Sukarno for the first time publicly condemned leaders of the Communist plot that tried to topple him last October.

Students jeered and booed him for the first time during much of his speech and more than 1,000 walked out with a demand that he give them food for their stomachs instead of building monuments. But others cheered when he attacked U. S. Viet Nam policies.

Sukarno praised military strongman Gen. Suharto for do-

ing a good job of safeguarding Indonesia, disclaimed responsibility for past actions which nearly plunged the nation into disaster and for the second time in as many days insisted he was still the "great leader" of the Indonesian revolution.

Suharto stood alongside impassively as the 65-year-old Sukarno sternly told his audience that he alone was still "president... great leader of the revolution... mandator of congress."

Urges Removal Of Huge Cross

EUGENE, Ore. UPI — A university professor demanded that a 51-foot concrete cross on a bluff overlooking the city should be removed because it places the city "clearly in the business of religion."

Dr. Raymond Lowe, professor of education at the University

of Oregon, said the presence of the cross suggests that man's problems can be solved by supernatural means, and therefore interferes with his thinking as a humanist.

Lowe's testimony came during the second day of a circuit court trial on a suit to have the cross, anchored in eight tons of concrete, torn down.

The action was instituted by the citizens for religious liberty and civil authority. The 10 citizens named Eugene Mayor Edwin Cone, the city council and the business firms that cooperated in raising the cross as defendants.

The cross was erected in November, 1964, without city permission. A month later, however, the city council vote approved a permit for the cross.

Lowe, who is also a licensed psychologist, testified that when government becomes involved in religion it causes children to become confused.

Pilot Escapes In Crash Landing

MICHIGAN CITY UPI — A twin-engine plane with one engine afire crash-landed in a cornfield Wednesday after skimming across roofs of homes in residential areas.

Eli Graubart, 43, Michiana Shores, operator of an aviation service with offices in Chicago and Valparaiso, jumped uninjured from the flaming craft after it belly-landed in a field near the Clark Equipment Co. plant on U. S. 20.

Graubart told authorities he was flying from Michigan City to Chicago's Meigs Field when the left engine on his Cessna caught fire about 15 to 20 miles out over Lake Michigan.

He said he decided to fly back to Michigan City and try to land at the municipal airport. But he couldn't make it and put down in the field after flying low over houses on the city's northwest side.

Sets Sept. 12th For Sentencing

SHELBYVILLE, UPI — Shelby Superior Court Judge Robert D. Ellison has set Sept. 12 for sentencing Mrs. Margaret Million, 32, R. R. 4, Franklin, who was found guilty by a jury on charges of stealing money from the Shelbyville News while employed as a cashier.

The jury convicted Mrs. Mil-

lion of two charges included in a grand jury indictment. It recommended fines totaling \$1,100 and left a decision with the court on whether to impose a 1-5 year prison term.

Mrs. Million was accused of the theft of \$1,252. Officials of the News said shortages totaled more than \$5,000.

Acrobat Falls

SAINT TROPEZ, France UPI — A circus acrobat lost his bal-

ance while trying to stand on his head Tuesday and fell from a trapeze 21 feet onto the wife of the mayor of this French resort community.

The mayor's wife, Mrs. A. Lescudier, suffered only a bruise on her head while acrobat Eugenio Laribies broke his breast bone.

Body Returned

SOUTH BEND UPI — The body of Patrick Egan, 12, son

of Dr. and Mrs. Sherman L. Egan of South Bend, was returned here from Ste. St. Marie, Mich., where he drowned in a motel swimming pool Monday evening.

The youth, a good swimmer, was pulled from the pool and given artificial respiration and then taken to a hospital where he died. The family was vacationing at the time.

Lucas Signs Contract With Royals

CINCINNATI UPI—All-star forward Jerry Lucas has signed his 1966 contract with the Cincinnati Royals for an estimated \$50,000, apparently a raise of about \$10,000 over his pay during the 1965-66 season when he averaged 21.5 points and 21.1 rebounds per game.

Royals general manager Pepper Wilson said the signing of the 6-8 former Ohio State All-American makes four players now in the fold of the National Basketball Association pro team, including John McGlocklin of Franklin, former Indiana University star.

Indians Will Try To Even Four Game Series Tonight

INDIANAPOLIS UPI — The Indianapolis Indians will attempt to salvage a split in their four-game series with Denver tonight after dropping a 5-1 decision to the Bears Wednesday night.

The Bears came up with two runs on four singles in the first inning Wednesday night and that was all they needed. They added single runs in the fourth and seventh, and collected another on Ron Clark's solo homer in the sixth.

Dick Kenworthy scored the Tribe's only tally in the sixth inning. He doubled and was sent home on John Riddle's triple.

Bill Whitby went all the way for the Bears to even his re-

Women's Golf News

PITTSBURGH UPI—Claudia Mayhew of Carmel, Ind., will join 15 other young women today in two rounds of match play to decide the four semi-finalists in the USGA Girls National Junior golf championship.

Miss Mayhew defeated Nancy May of Bemidji, Minn., 5 and 4, Wednesday to advance to the second day of match play.

The other Hoosier qualifier, Carmen Piasecki of South Bend, lost her match with Mariann Eichelberger of Agington, Pa., 3 and 2, Wednesday.

The semifinals of the tourney will be played Friday with the final match on Saturday.

Softball News

The Softball game in the double elimination tournament between National Foods and Plainfield will commence tonight at 8:00 p. m. Both teams have one defeat, so the loser will be eliminated, while the winner will play Morrison's Tire at 8:00 p. m. Friday night.

Morrison's have yet to suffer defeat in tournament play and Torr's, the league champion, has yet to participate in a tournament game. They play the tournament winner.

Princeton Selected

MINNEAPOLIS UPI — Bids will be opened in Minneapolis Sept. 2 for contribution of a new fisheries field headquarters building near Princeton, Ind., the Fish and Wildlife Service of the Interior Department has announced.

The building, 10 miles northeast of Princeton off Indiana 65 in the Holland Lakes area will house the Bureau of Sport Fisheries and Wildlife's fishery services in Southern Indiana.

The project includes an office building and a service building.

Indians Had Players At The Top

SAN FRANCISCO UPI—The Indianapolis Indians, trailing the Tulsa Oilers for first place in the Eastern Division of the Pacific Coast League, had players at the top of four departments in statistics released by the league Wednesday.

Tribe catcher Duane Josephson had replaced Denver's Rich Reese as the league's batting leader in games through last weekend.

Josephson's average has risen to .334 while Reese slumped to .329. Reese dropped to fourth

place behind John Werhas of Spokane at .332 and Alex Johnson of Phoenix at .331.

Indians' Dick Kenworthy and Ed Stroud led the league in runs batted in and stolen bases, while Tribe pitcher Bill Fischer was tops in earned run average.

PCL statistician Bill Weiss said Kenworthy's 85 runs batted in led the league, and Stroud had 46 stolen bases.

Fischer had an average of 2.08 in 31 games and a 9-3 won-lost record. He has pitched 130 innings, struck out 85 and in-

used only 21 walks.

In second place was Phoenix rookie Frank Kasheta with a 2.21 average, while Fred Klages of Indianapolis was in sixth place at 3.10. Klages has struck out 95, issued 69 walks, and has a 9-7 record.

Fischer set a major league record in 1947 by pitching 84½ consecutive innings without giving up a base on balls.

Ramon Conde of the Indians was fifth in the hitting department with a .323 average, and Stroud was right behind at .321.

WEEKLY FISHING REPORT

INDIANAPOLIS UPI — Following is the weekly fishing report for Central Indiana, as compiled by the Indiana Department of Natural Resources:

Morse Reservoir is still low but fishermen continue to catch bluegills on catappa and red worms, channels on the usual catfish baits and crappies going deep. Largemouth bass are biting at Raccoon and Cataract lakes, using deep running lures, and bluegills are taking red-worms at Cataract and the strip pits. Channel catfish are biting on crawfish, minnows and hellgrammites at Sugar Creek, Lake Lemon and Cataract Lake. Fishing activity is slow but will improve with more rain and cooler weather.

Ghetto Squalor Created Violence

WASHINGTON UPI—Atty. Gen. Nicholas Katzenbach said Wednesday the squalor of ghetto life was the primary cause of recent big city racial riots — not "Communists or black nationalists or terrorists."

Testifying at a Senate inquiry into problems of cities, Katzenbach disclosed the results of an investigation of violence that has rocked cities from one coast to the other.

"The Department of Justice has looked carefully into the causes of the riots," Katzenbach said. "We conclude that they were indeed fomented by agitators — agitators named disease and despair, joblessness and hopelessness, rat-infested cynicism."

"These sources of agitation are not the product of Communists or black nationalists or terrorists. They are the product of generations of indifference by all the American people to the rot and rust and mold which we have allowed to eat into the core of our cities."

Katzenbach did say there was some evidence that extreme left-wing elements had attempted to capitalize on some of the riots once they were underway. He mentioned riots in the Watts area of Los Angeles and the Hough district of Cleveland.

"But there is no indication that these riots were planned, controlled or run by extreme left-wing elements," he said.

The attorney general conceded that current administration programs were inadequate to combat all urban ills, "but they are a beginning."

At the same time he announced a new Justice Department

meat program to make available \$1 million to cities to help train the policemen on the beat in the art of community relations. He said more than 60 cities already had indicated interest in the program.

"The ice floes of old social patterns are shifting as never before, and they often smash," Katzenbach said. "Many times the policeman is the only buffer."

Marines Break Up Picket Line

PORT CHICAGO, Calif. UPI — U. S. Marines dragged, pulled and shoved demonstrators off a county road in front of the Concord naval weapons station Wednesday when the pickets tried to prevent trucks

loaded with napalm from entering the base.

Marines threw one of the demonstrators, a girl, into a water filled ditch adjacent to the roadway after she squatted in the road as a napalm-loaded truck approached the main gate to the base from which munitions are sent to Viet Nam.

Marines arrested nine persons — seven men, the girl and a juvenile — for allegedly trespassing on government property. The adults were turned over to the U. S. marshal's office. Contra Costa County sheriff's deputies were on hand during the melee, but they made no arrests.

Cat In Motor

MILAN, Italy UPI — Instead of a tiger in his tank, Alberto Gavirati had a cat in his

motor.

The 28-year-old Italian heard strange noises coming from the motor of his car Tuesday and pulled into a nearby service station.

Raising the hood he found a cat with its paw badly cut by the motor fan, apparently someone's idea of a joke. The injured animal was turned over to the local animal protection society.

Conforms To Order

DENVER UPI — Ben Alexander, the television actor who gained fame as Jack Webb's sidekick in "Dragnet," said his new TV program, "Felony Squad," is being written with the U. S. Supreme Court in mind.

Informing a convention of

district attorneys that since the Supreme Court "says we can't interrogate them anymore," TV cops have no other choice. "We shoot them," he explained.

Did you know that airlines are always needing qualified pilots, and there are thousands of pilots needed in other areas of aviation. And did you also know that HULMAN FIELD AVIATION is now giving pilot training lessons at the Greencastle Municipal Airport?

Follow the arrow and read about it!

BRING THIS COUPON OUT TO THE AIRPORT

Pilot an airplane for \$5

One of our authorized pilots will take you up in the easy-to-fly Cessna 150 and turn the controls over to you. He'll sit beside you with dual controls while you fly the airplane. No obligation — but ask about financing future flight instruction. Solo course for as little as \$14 per month; complete private rating for as little as \$10 per week. By appointment you can fly whenever it is convenient for you. Take advantage of this unusual opportunity to find out how easy and how much fun flying an airplane really is.
